

## **Coach Milea Ray**

This will be my first year to coach a team at BVC and I can't wait to get started. I have played volleyball for the past 8 years. I graduated from Thompson High School in 2015 where I was a 4 year starter for the Varsity Team. We made it to the State Elite 8 my freshman and sophomore years and then to Super Regionals Top 16 my Junior and Senior years. I played club for Alabama Juniors from 12-14 and then played at BVC from the summer of my 14's through 18's. I spent my freshman year of college playing at Pensacola State, starting as OH and middle back. I transferred to Birmingham Southern for my sophomore year and am a starting OH and play middle back as well. I have played each position on the court throughout my school and club career and feel I have something to give to each position when it comes to coaching.

I have worked clinics and camps starting my freshman year in high school and most recently have worked a few of the Birmingham Southern Camps. I enjoy watching the kids learn about volleyball and strive to help each and every girl I can at these camps.

I look forward to starting the season and making it a great one!
